EVENT INFORMATION

Arrival: It is important that all teams **arrive on time** and **report to the check-in table** immediately upon arrival. This will allow us to make the match schedule quickly. Please call 862-432-1526 if you are going to be late.

Check In: Team Check-In opens at 8am. We are looking to our teams to arrive between 7:30 and 8am, if possible. This will help us to process teams through inspection process in time for a prompt start of matches.

Meet Area: The full competition will be held in the Main GYM (Forward). Location plan will be available during team check-in.

Pit Area: Will be held in old GYM. Please stay within the boundaries of your pit and be kind to your neighbors. If you have large banners, displays, or posters, we can find a space somewhere else in the arena for these items.

> The Pit Areas should stay clear of obstructions to traffic and NO Team networks are allowed in the Pit.

Queuing: Per usual, Event Team Queuers will remind teams (as needed) to come to the Competition Area in time for matches. However, remember that Queuers are there to assist and the BEST teams queue themselves and don't need to be reminded that their match is coming up.

> **Top Teams are watching the Matches, then are in the Queuing area and ready to go for their Match. Please assign someone on your team to help to help your team perform like a top team!**

Supplies: Be sure to bring a Utility Strip. Safety Glasses, Battery Chargers (marked with Team Number) and spare parts.

Opening Ceremony: We will start the event with few words from Wayne Township Mayor.

Match Lists: We are often asked "when will Match Lists be available?". They will be handed out ~9:45. The information will be available sooner if all teams are able to pass inspection earlier. ☺

EVENT INFORMATION (continued)

Inspection: Arriving robots report IMMEDIATELY to Inspection. This is always THE pacing element in starting the competition on time. Please help.

Judging: We will have Awards Judging taking place during this Meet. It is our intent to have room interviews for this event. The Innovate, Design, Connect, and Motivate awards will be judged.

The Think Award will also be included if we have enough Judge volunteers. Teams should bring their Engineering Notebook with them to their Room Interview and leave it with the Judges.

Robot Marking: Remember to have your team numbers on the robot in large size, per spec. That sometimes does not happen early in the season. So too, make sure that your robot accommodates the mounting of the Alliance Flag. This has been a problem for some at earlier Meets!

Food: The event will have food available to order for lunch. The host will be ordering pizzas (warm) for lunch. They'll collect orders from the teams first thing in the morning. (All must be in by 9:30am, at the latest).

- As with all of the NJ events, we ask that teams support our host by purchasing their lunch on site, rather than bringing their own or ordering out.

Gracious Professionalism: Please act in accordance with the guidelines of Gracious Professionalism**.** Ungracious behavior directed at referees or event volunteers will not be tolerated and are grounds for disqualification from the event. Be kind to your referees, fellow teams, our venue…

FIRST AID: Please go to the Pit Administration table for basic First Aid Supplies. Please alert the event organizers if more involved care is required.
